

## O'DONNELL EAGLES

**Dear Parent or Guardian:**

**In the near future, we will be offering Telehealth exams on the Elementary campus. Primarily, the visits will be done by Medical providers from the O'Donnell and/or Tahoka clinics.**

**Please complete this packet. Be sure to provide Insurance/Medicaid information. If you have no insurance/Medicaid, put "No Insurance" in the area provided. Your insurance company will be billed for the visit. We will see students without insurance also. Also, it is very important that you provide Pharmacy preference and their phone number.**

**I will be able to show the provider throats, ears, eyes, rashes and any other visible problems. They will also be able to hear lung and heart sounds if needed.**

**Once you complete and return the packet to the school, we can get you signed up. Parents may come to the school for the exam or visit the exam by phone. No more having to leave work or drive. The only transportation required is to pick up any prescriptions called in to your pharmacy.**

**Please, if you have any questions don't hesitate to call me. I will be receiving my training next week. After training, hopefully I can answer your questions.**

**Heidi Cobb RN, School Nurse (806-428-3244 - Elementary Campus)**
